## NEWSLETTER 30

September 2008

### ***THE NEXT IELSG ANNUAL MEETING WILL BE, FOR THE FIRST TIME, HELD IN NORTH AMERICA***

Dear Friends,

As discussed in our previous Annual Meeting in Lugano several months ago, the next IELSG Meeting will be held in Toronto, Canada, on 24-25 April, 2009.

### **Please keep the date in your agenda!**

In principle, the decision to have our meeting in North America is aimed to better discuss possible cooperations with a larger American audience. For this reason we would separately and directly contact and invite several American institutions, which are not regularly collaborating with the IELSG but may have some interest in such a collaboration. To facilitate the participation of European investigators we have obtained support from the European School of Oncology Foundation that will kindly help us in providing a forfait reimbursement of 1'500.- CHF for two representatives of any National Cooperative Group and for the Chairpersons of the IELSG studies for travelling to Toronto. A few additional travel grants will be provided for the centres, which have contributed with most cases to the ongoing studies.

We thank ESOE for its generous contribution as well as Dr. Mary Gospodarowicz, who is kindly organizing our stay in Toronto.

Another newsletter with details for travel and accommodation will be sent soon.

Looking forward to seeing all of you registering to the meeting.

Best wishes,

*F. Cavalli, E. Zucca, A. Conconi, C. Morinini, M. Bertini, E. Porro*

Ps: we have an open position for a young post-doc onco-hematology fellow, who would stay for one year in our headquarters in Bellinzona helping in the organization and conduction of clinical trials.

Fluent oral and written English is required. Some knowledge of Italian will be welcome. For further information please contact: [ielsg@ticino.com](mailto:ielsg@ticino.com)
